## FOR IMMEDIATE RELEASE

### **NEW INFO: PAVEMENT REHAB ON STATE ROUTE 330**

**San Bernardino County** – Caltrans began the emergency paving project today on State Route 330 from Highland Avenue to SR-18. The work is necessary to replace deteriorated pavement accelerated by winter storms. The project started later than expected due to mix design complications and will require full closure during the daytime. The daytime closures will begin Monday September 12 and take place Monday through Thursday from 8:00 a.m. to 8:00 p.m. and on Friday from 8:00 a.m. to approximately 3:30 p.m.

Tomorrow through Friday September 9, one lane of the two-lane route will be closed with flagging for about 1-mile increments through the construction zone. Minimal delays are expected.

Motorists are advised to use SR-18 or SR-38 as an alternate route. The project completion date has been extended to early October 2005, weather permitting. For more information on mountain roadwork, please go to our website at [www.dot.ca.gov/dist8](http://www.dot.ca.gov/dist8) and go to "Press Releases". You may also call our Public Affairs office at (909) 383-4631.

Caltrans will host a community meeting in Running Springs to discuss the project closures this Thursday evening, September 6, 2005. The location and time will be announced when secured.

***SLOW FOR THE CONE ZONE!***
